Rajshahi, Bangladesh

EDUCATION

M.Sc. in Statistics & Data Science

Pabna University of Science and

Technology, Bangladesh

Currently Pursuing

Medium of Instruction: English

B.Sc. (Honours) in Statistics

Department of Statistics and Data Science

Pabna University of Science and

Technology, Bangladesh

CGPA: 3.15/4.00

Graduated: 2026

Medium of Instruction: English

LANGUAGE

- English:** Proficient
IELTS: Planned for November 2026
- Japanese:** Beginner
JLPT N5 candidate December 6, 2026
- Bengali:** Native

ABOUT ME

Statistics graduate and M.Sc. student in Statistics & Data Science with research experience in statistical modeling, data science, and health data analysis. Experienced in analyzing large-scale survey data and applying statistical and machine-learning methods to research problems.

RESEARCH EXPERIENCE

Student Researcher | Statistics & Data Science

- Applied Research:** Conducted data-driven research across diverse statistical and real-world problems.
- Statistical & ML Modeling:** Developed and evaluated models for predictive, explanatory, and interpretable analysis.
- Advanced Analytics:** Applied statistical and computational methods to complex research questions.
- Research Insights:** Translated complex data and findings into clear, meaningful, evidence-based insights.

PUBLICATIONS

- Conference Presentation:** First Author & Oral Presenter, **EFAST 2026**; abstract published in the conference abstract booklet.
- Journal Manuscript:** *Socioeconomic and Health-System Correlates of Cesarean Delivery in Bangladesh: Survey-Weighted Statistical Analysis and Explainable Machine Learning Using BDHS 2022*. Submitted to *Scientific Reports* (Springer Nature).

[View Research Projects](#)

RESEARCH INTERESTS

Applied Statistics & Modeling | Biostatistics & Epidemiology | Data Science & Machine Learning | Health & Biomedical Data Science | Time Series & Causal Inference | Agricultural & Environmental Research | Information Science

SKILLS

- Data Analysis:** Excel, Python, R Programming & SPSS
- Data Management:** Data cleaning, validation & large-dataset handling
- Data Visualization:** Excel & Power BI for visualization and dashboards
- Reporting & Documentation:** Structured reporting and documentation
- Office Tools:** Microsoft Word & PowerPoint
- Communication & Teamwork:** Effective communication and collaboration
